Cabela's King Kat Tournament Results For Lake Barkley at Cadiz, Kentucky

### Masingales Overwhelm The Competition

This past Saturday August 20th the Cabela's King Kat Tournament Trail hit the waters of Lake Barkley at the Prizer Point Marina & Resort near Cadiz, Kentucky. In the event where nearly 60 of the top anglers from 8 different states were competing not only for cash and prizes, but the opportunity to qualify for the 2011 Cabela's King Kat Classic. This was the first time the Cabela's King Kat Trail had held an event on the waters of Lake Barkley and also the first time many of these out of state anglers had been on the water as well. **After seeing what a great fishery Lake Barkley was many of the anglers noted they would look forward to returning sometime in the future.**

Taking first place was the Paragould, Arkansas team of Daryl and Jason Masingale with an impressive weight of 178.8 pounds and earned \$2,500.00. Daryl and Jason also had big fish of the event with a 63.95 pound catfish which earned them an additional \$500.00. The Monster Rod Holder, Tanglin with Catfish and American Pro Catters Prostaff team was fishing down lake nearly 20 miles using skipjack in 45-50 feet of water to catch 9 fish for the day. Each team is allowed to weigh in their 5 largest fish for the day. They also qualified for the \$200 Monster Rod Holder bonus for winning the event and having at least 6 Monster Rod Holders on their boat. When asked if they anticipated weighing such an impressive weight, they mentioned while pre-fishing the previous weekend that the biggest fish they had found was in the 20 pound range. **The 5 fish stringer they put together turns out to be the heaviest weight on the trail so far in 2011!**

"Most of the Teams came to our area days early to practice fish the lake. I talked to one Team that had been down 3 weekends just to practice before the Tournament. It's wonderful they had such great results fishing as all of them said they would spread the word about our area and lake". Prizer-Point was a Super Host Site that provided excellent service to the anglers and their families. Many anglers said this was the best site they have fished from during a tournament.

Bill Stevens, Executive Director , Cadiz-Trigg County Tourist & Convention Commission.
